On the faraway planet Turo, a scientist named Jumba has created a dangerous creature. It is called Experiment 626.

The Grand Councilwoman wants to put Jumba in jail
for creating Experiment 626. Captain Gantu
takes the creature away.

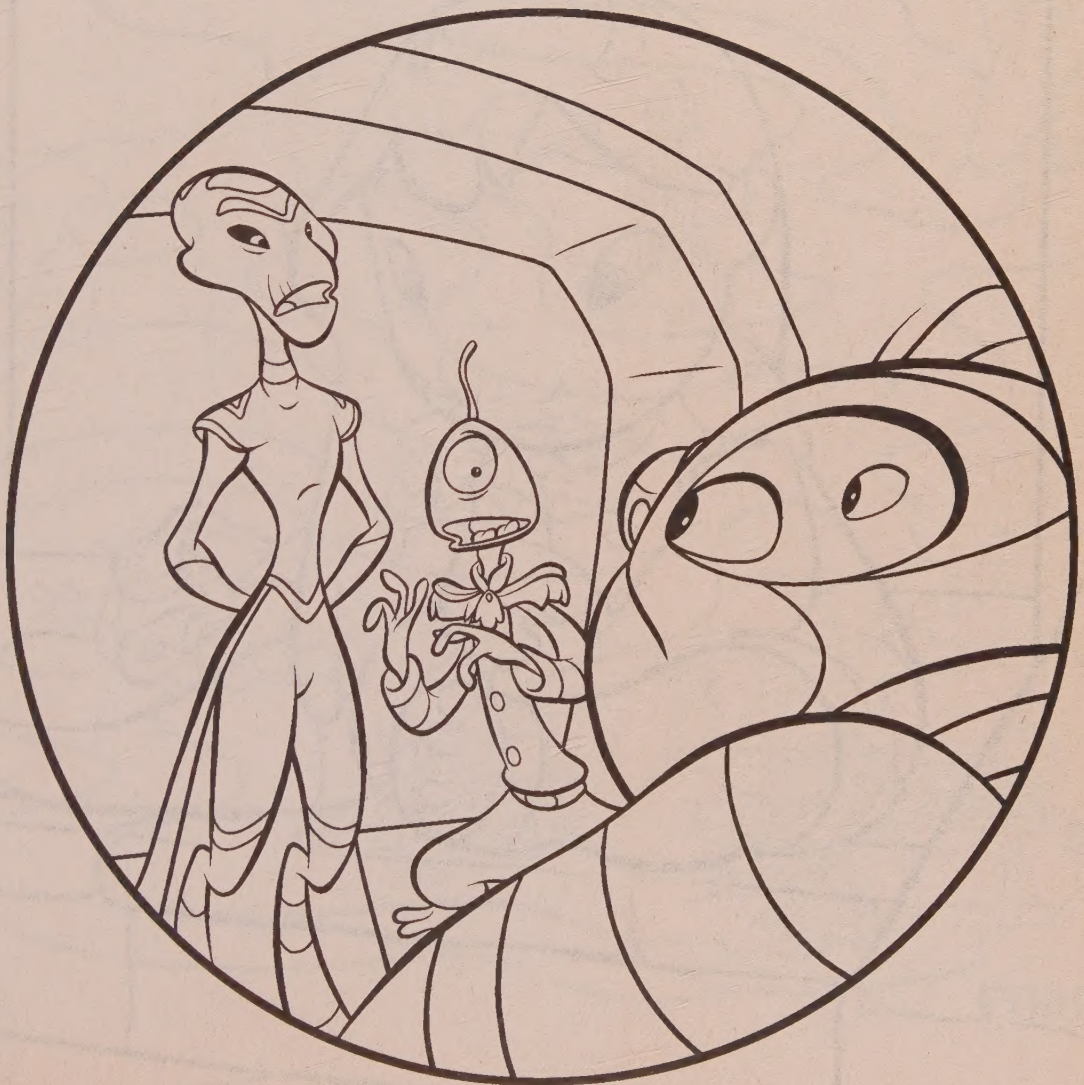

But Experiment 626 escapes!

The Grand Councilwoman chooses two aliens to capture Experiment 626. To find out which aliens she chooses, replace each letter below with the one that comes before it in the alphabet.

ANSWER: JUMBA AND PLEAKLEY.

Meanwhile, on the planet Earth, a little Hawaiian girl named Lilo gets into trouble in her hula class. Her teacher tells her to wait outside for her sister, Nani.

But Lilo doesn't want to wait.
Help her find the right path home.

ANSWER:

Lilo and Nani live by themselves, so sometimes a man named Cobra Bubbles comes to check on them. Cobra wonders if Nani is the best person to take care of Lilo.

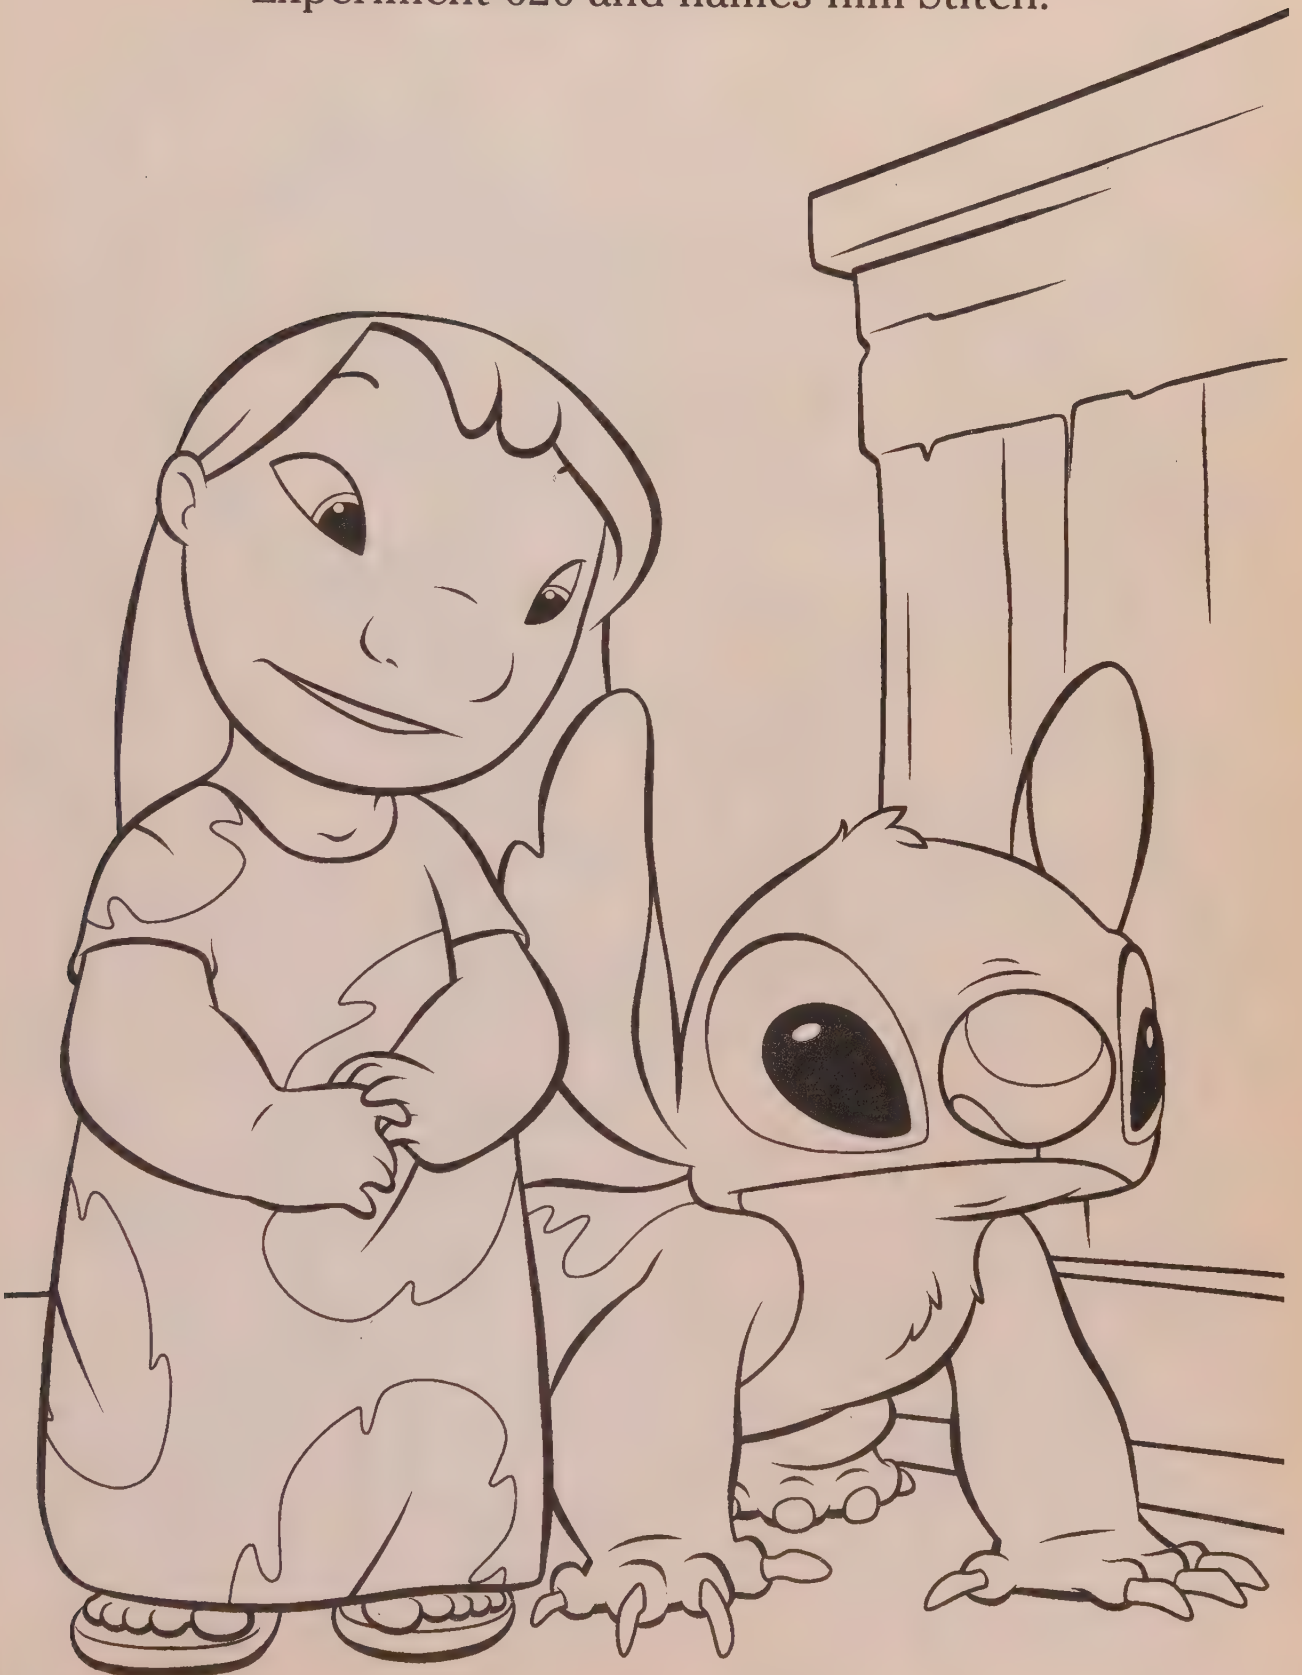

Lilo loves her big sister and wants to stay with her.

Nearby, Experiment 626 crash-lands on Earth.
He ends up in an animal shelter and tries to make
himself look like a dog. How many *Ds* can you find?

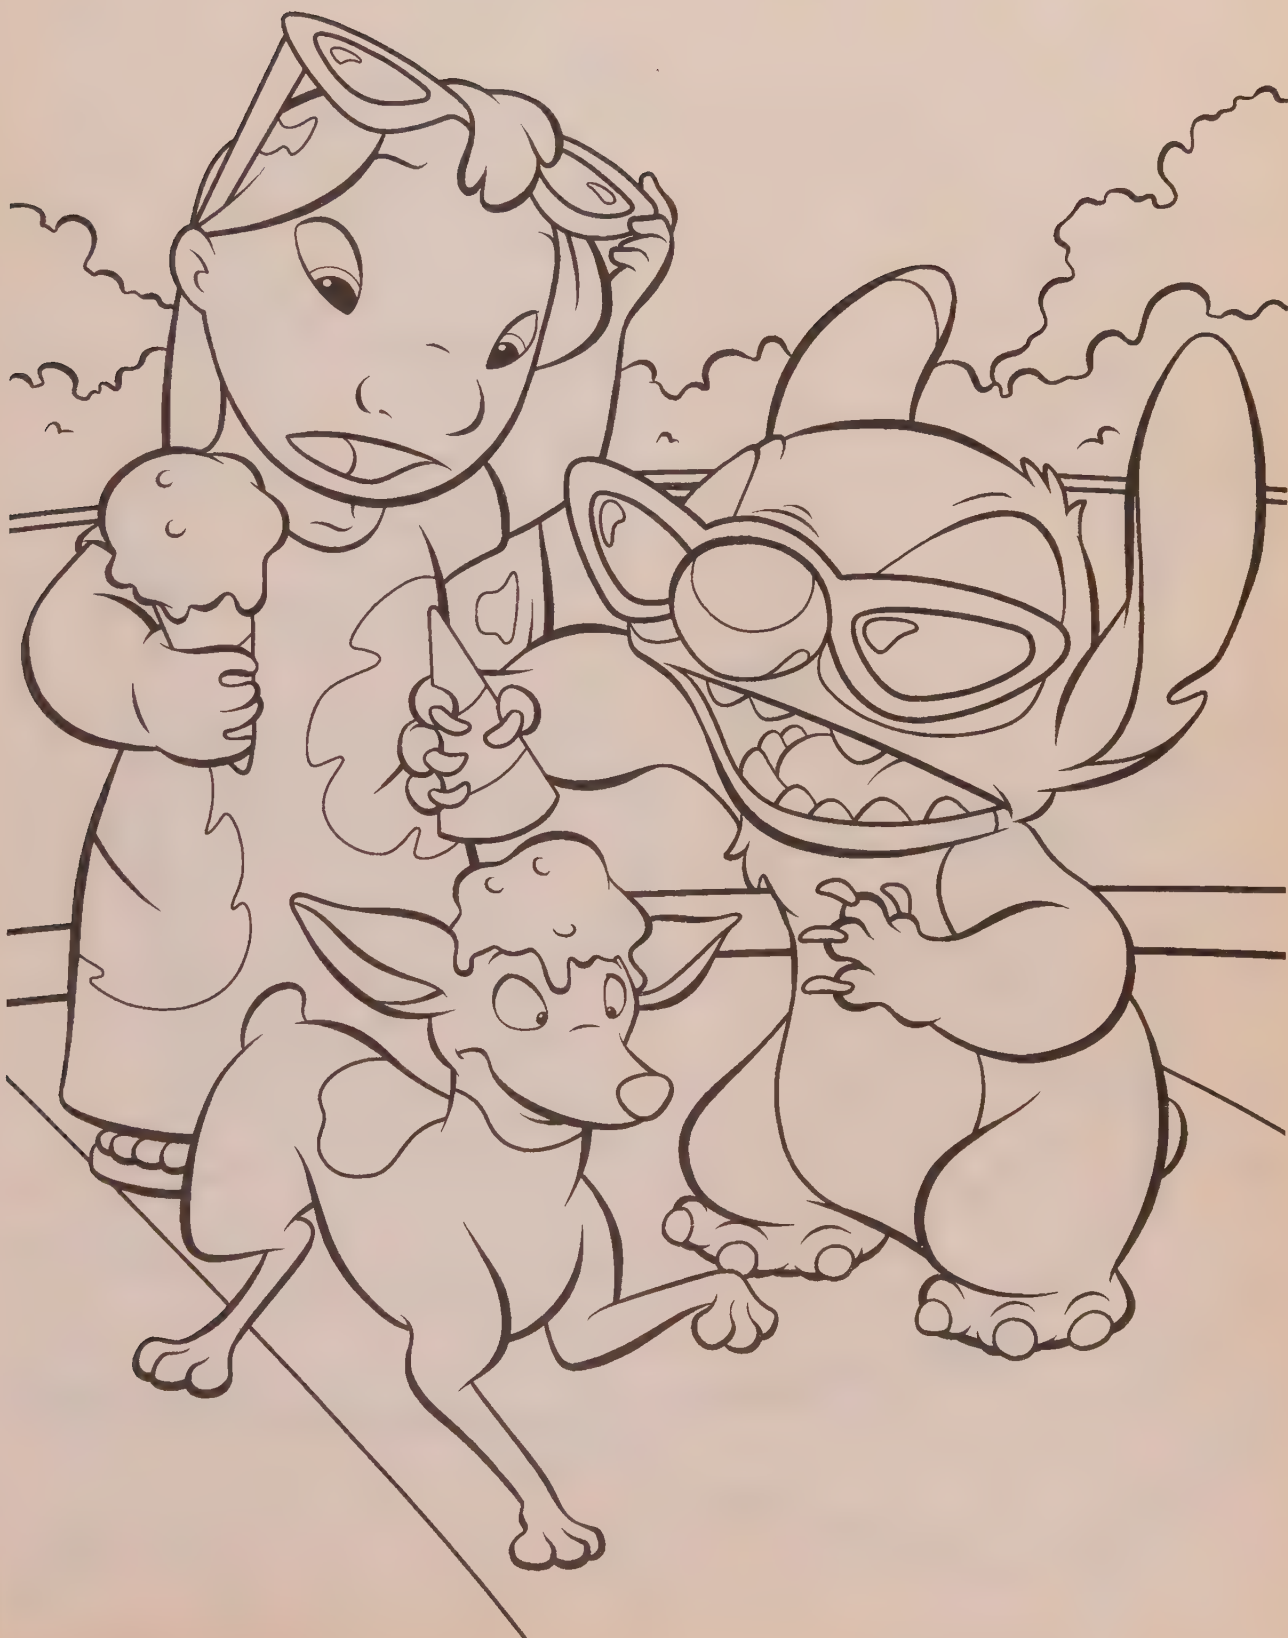

Nani knows Lilo is lonely, so she takes her to the animal shelter to choose a dog. Lilo chooses Experiment 626 and names him Stitch.

Outside the shelter, Jumba and Pleakley are waiting for Stitch. But Stitch knows that the aliens won't hurt him if he is with humans.

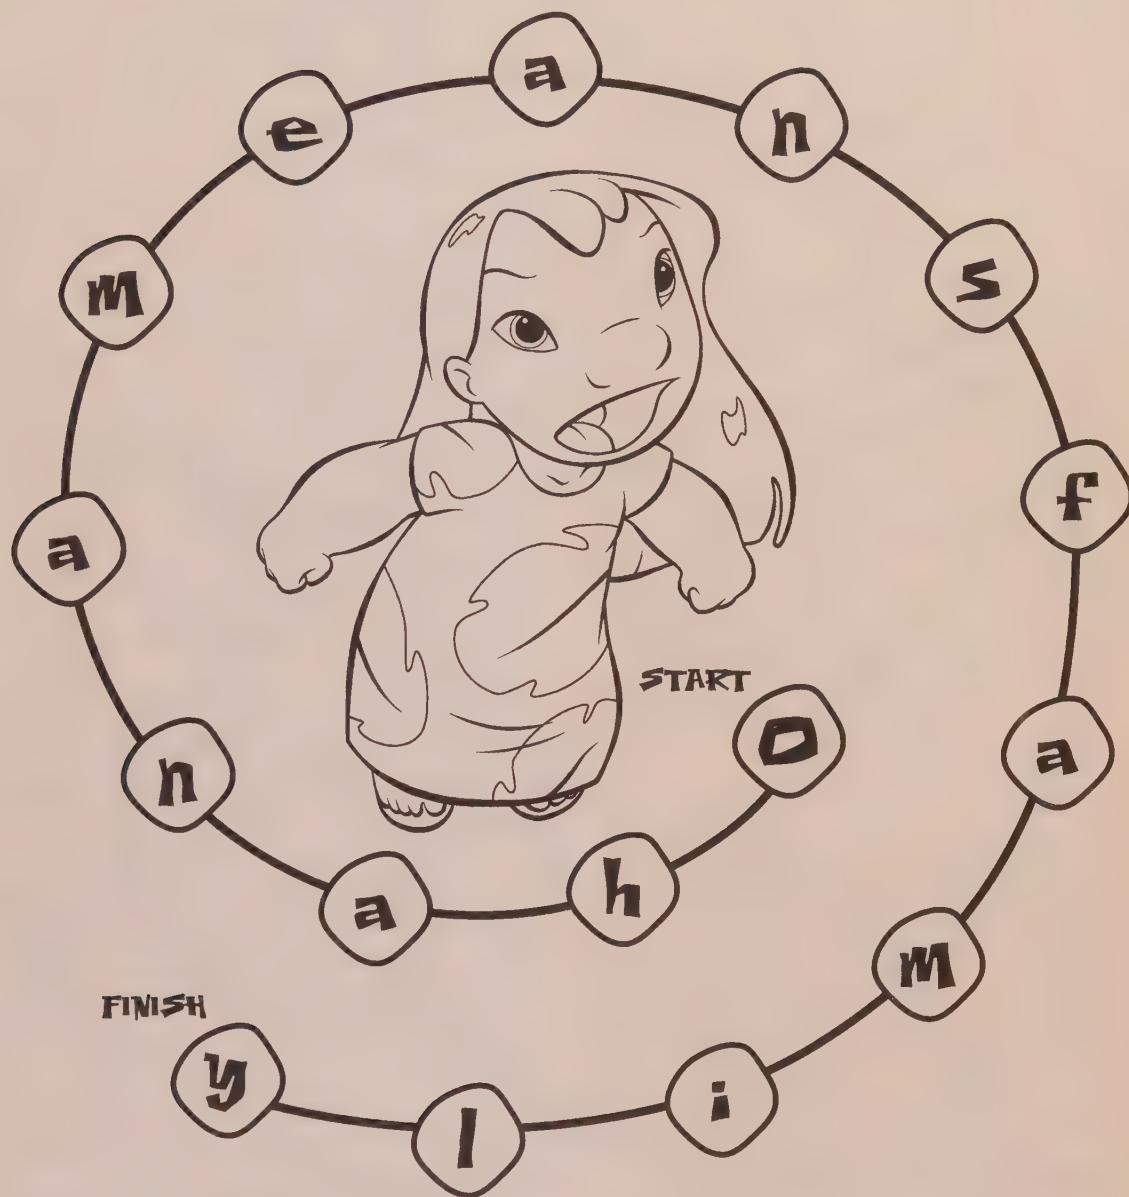

Lilo and Stitch become friends.
Sometimes Stitch can't help being bad.

Lilo tells Stitch his badness level is unusually high for someone his size.

Nani wants to take Stitch back to the animal shelter, but Lilo doesn't want him to go. To find out what she says to Nani, begin at **START** and write the letters on the blanks in order as they appear around the spiral.

➤

Lilo tries to teach Stitch how to be good,
but it doesn't work very well.

One day, everyone decides to go surfing. At first Stitch is afraid of the water, but then he has a great time.

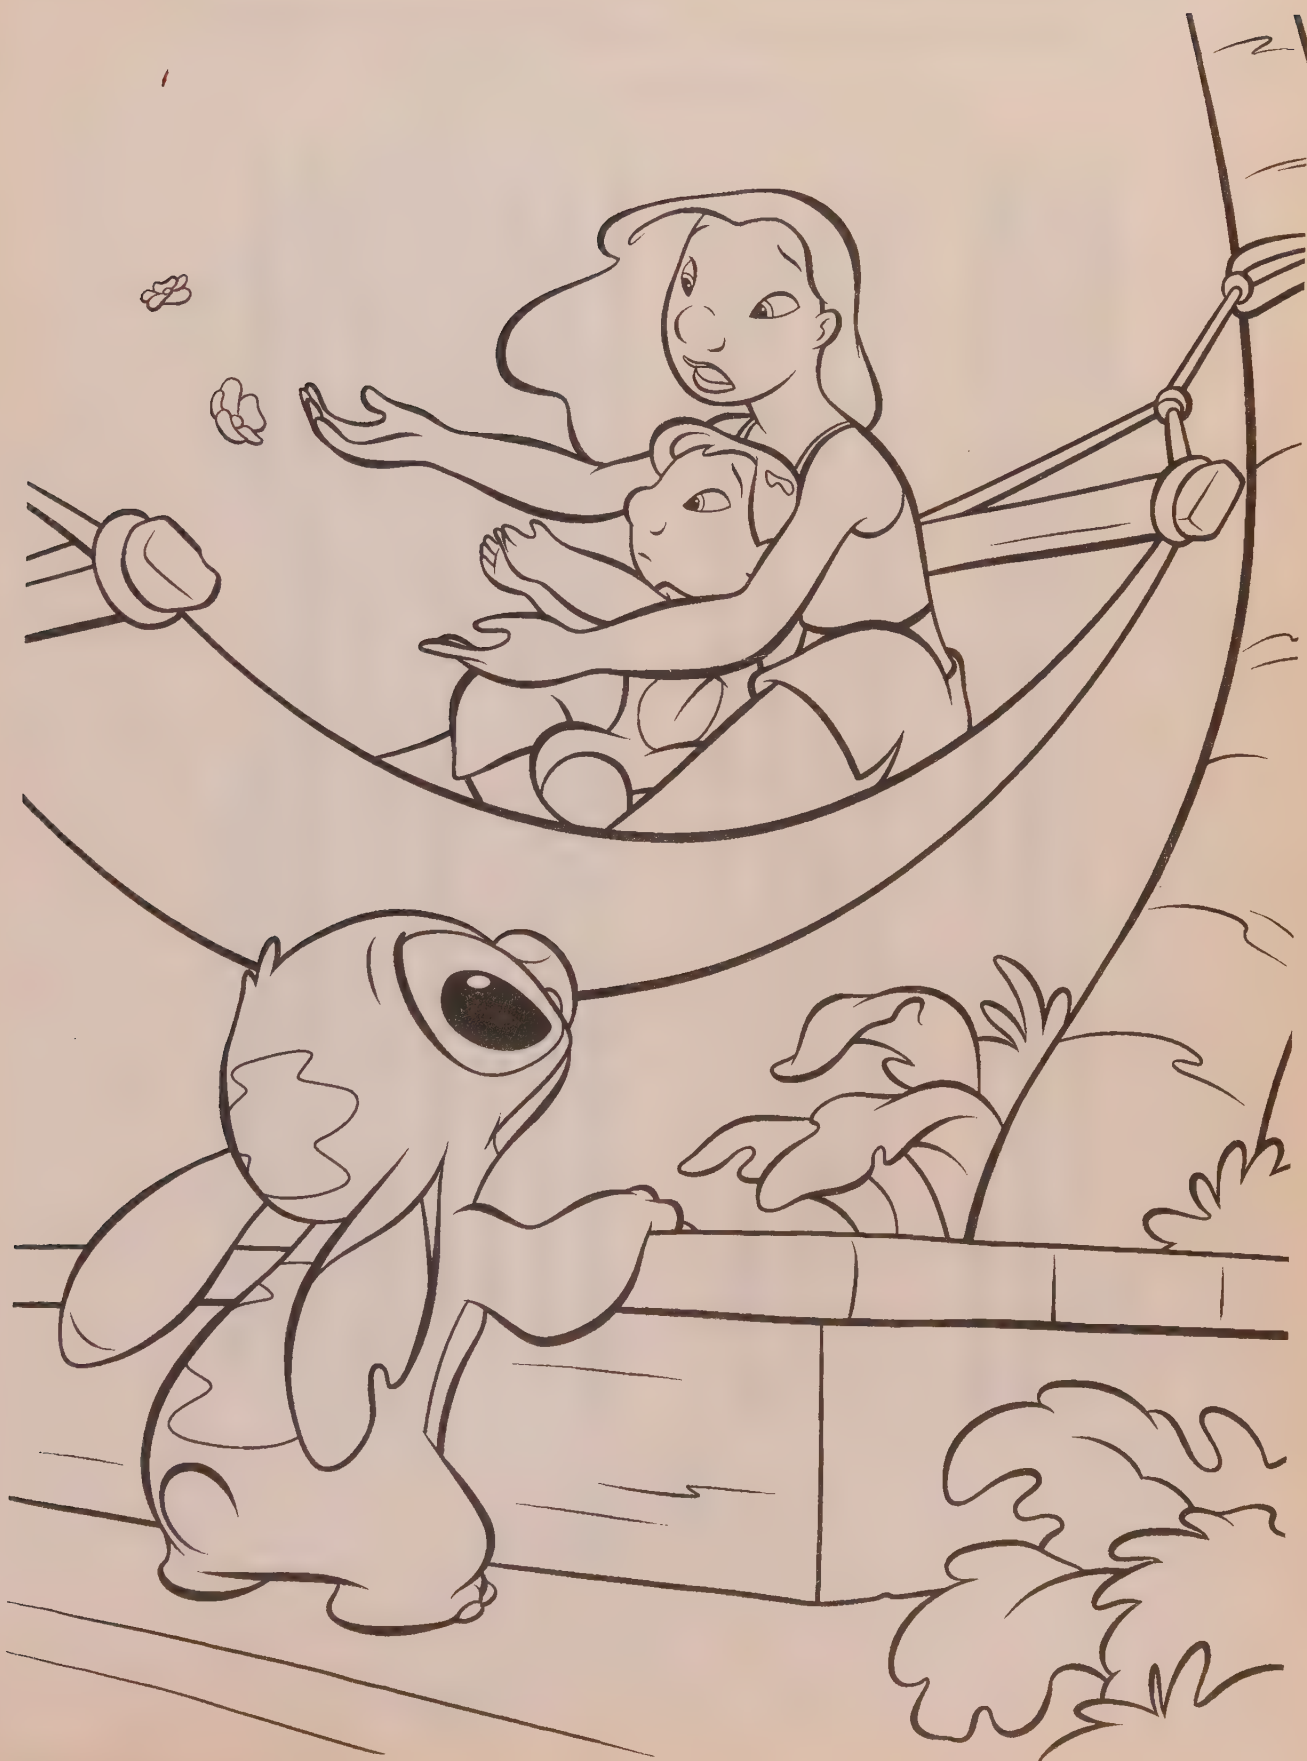

Then Jumba appears and tries to capture Stitch.
 He almost pulls Lilo underwater, too!
 What does Jumba know? Use the code to find out!

Stitch escapes from Jumba, but he
thinks he is bad luck for Lilo and Nani.

Stitch thinks Nani and Lilo would be better off without him.
He leaves to find his own family. He takes a book with him.
To find out what book it is, close one eye and tilt
the page toward you slowly.

ANSWER: THE UGLY DUCKLING.

The Grand Councilwoman is upset that Jumba and Pleakley haven't captured Stitch yet. She sends Captain Gantu after Stitch.

But Jumba won't give up! He finds Stitch in the forest . . .

... and chases him to Lilo's house. Lilo calls Cobra Bubbles and tells him aliens are attacking her house.

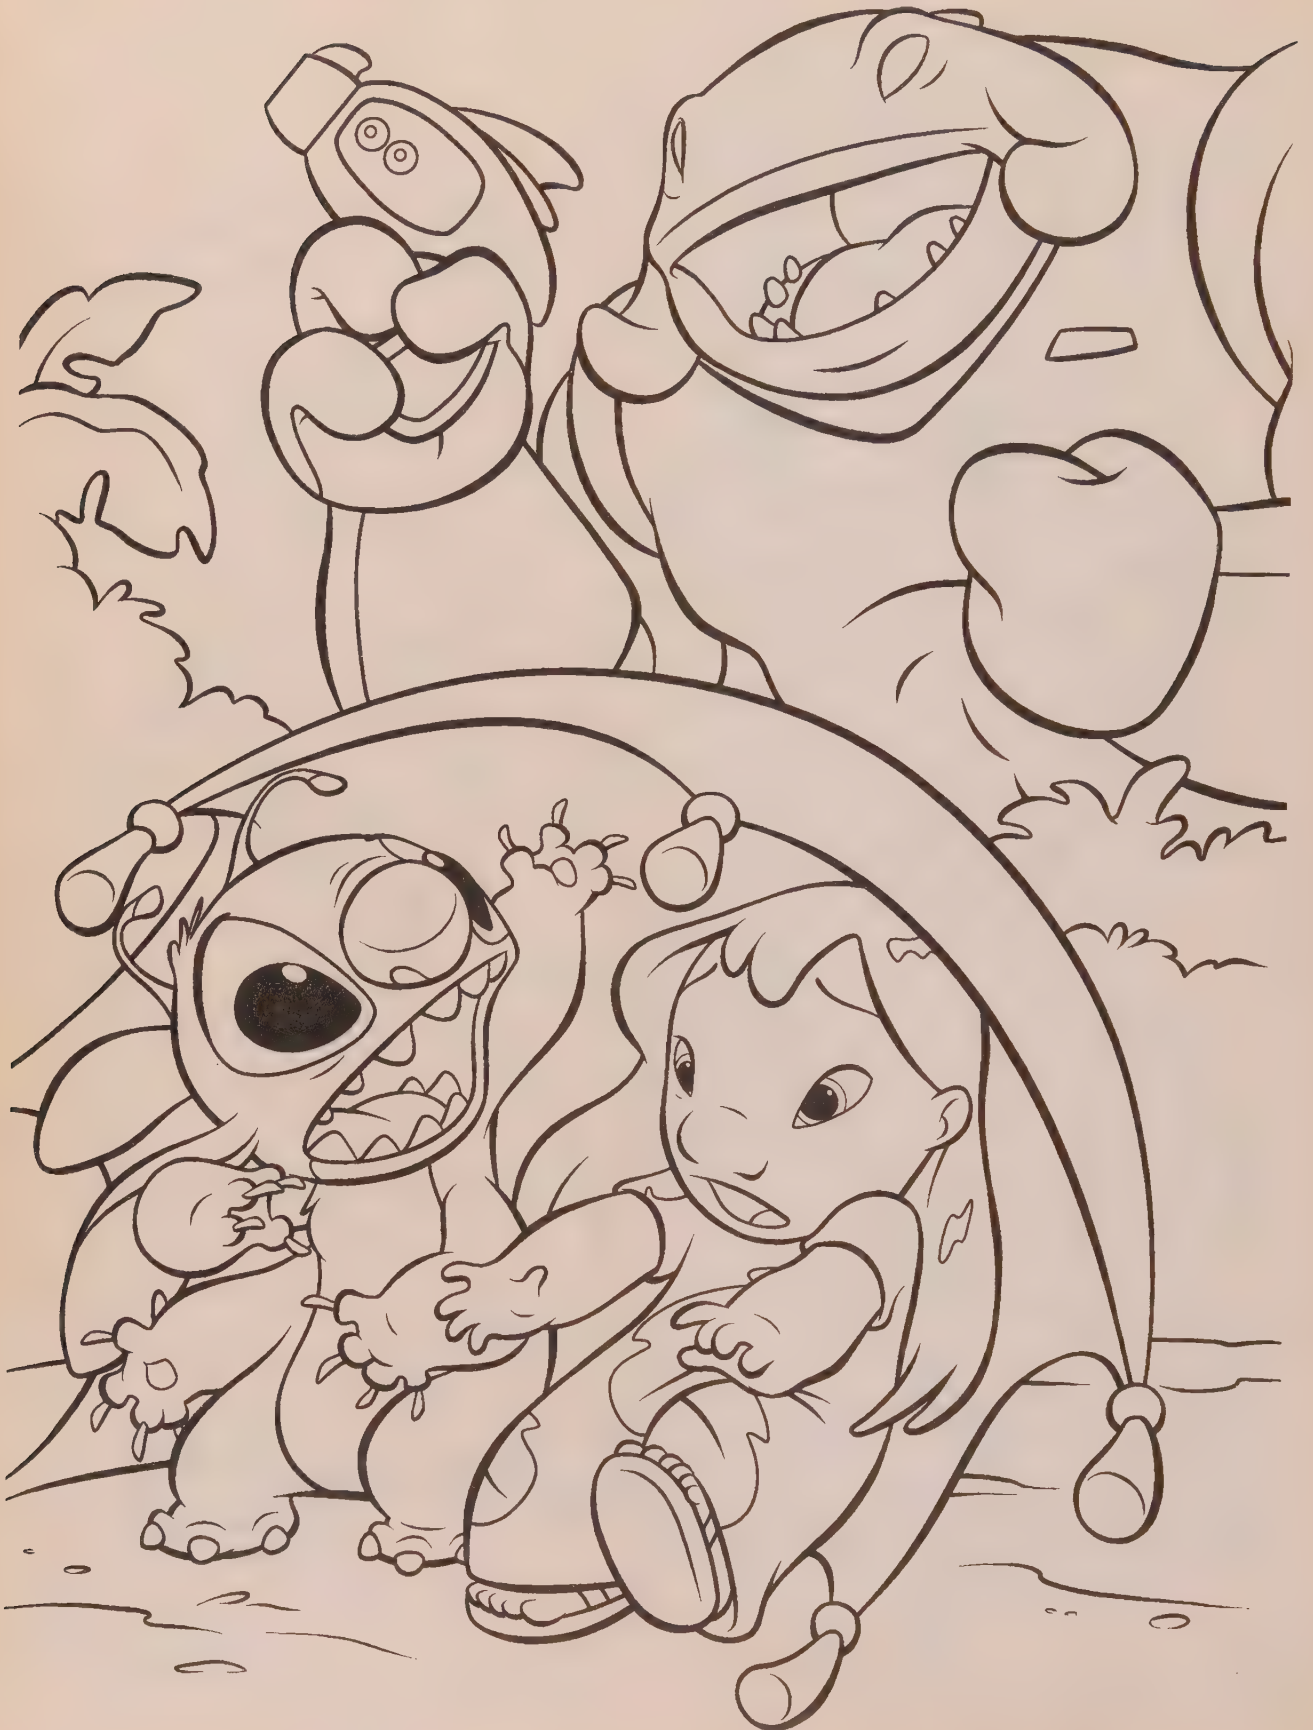

Pleakley rescues Lilo. Jumba and Stitch
accidentally destroy the house.

Stitch runs out of the house. He finds Lilo
and shows her that he is an alien.

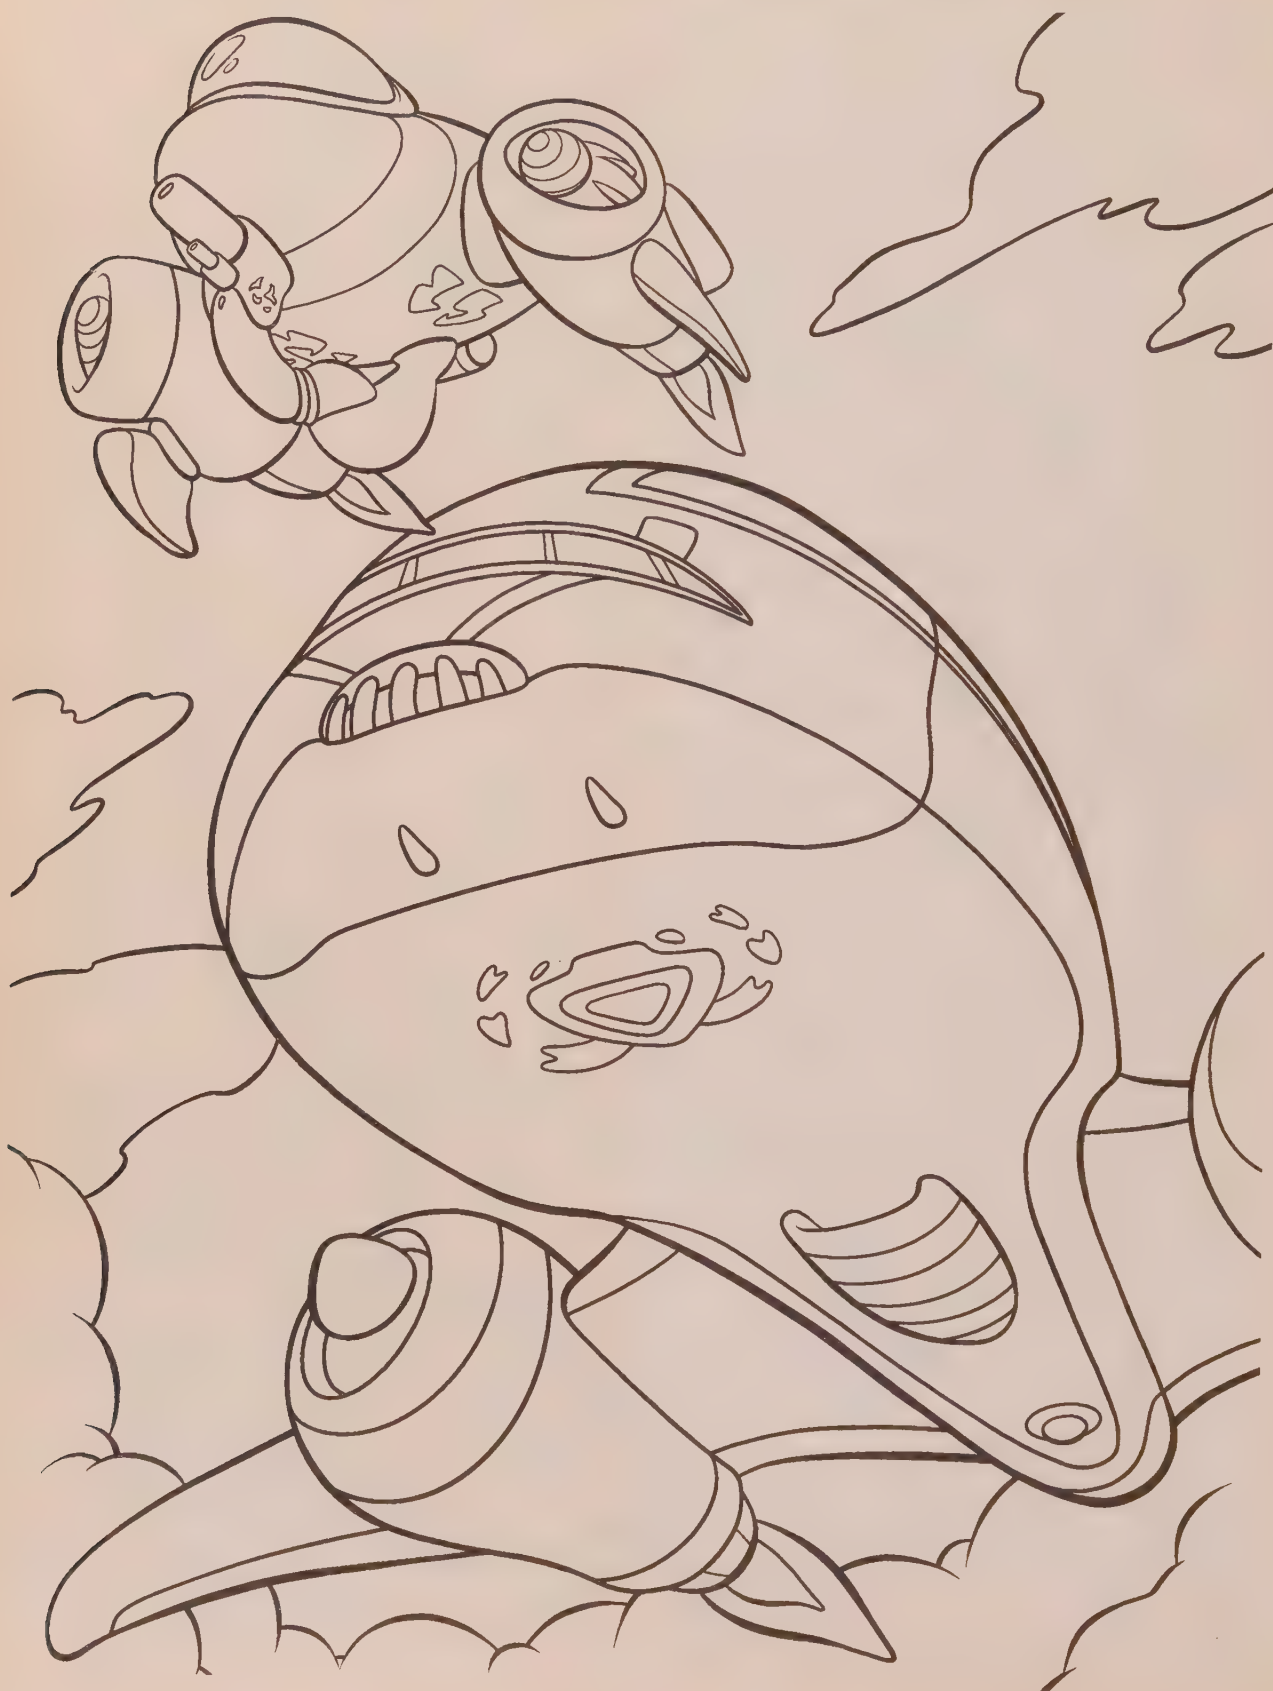

Suddenly, Captain Gantu appears.
He captures Stitch and Lilo with a net.

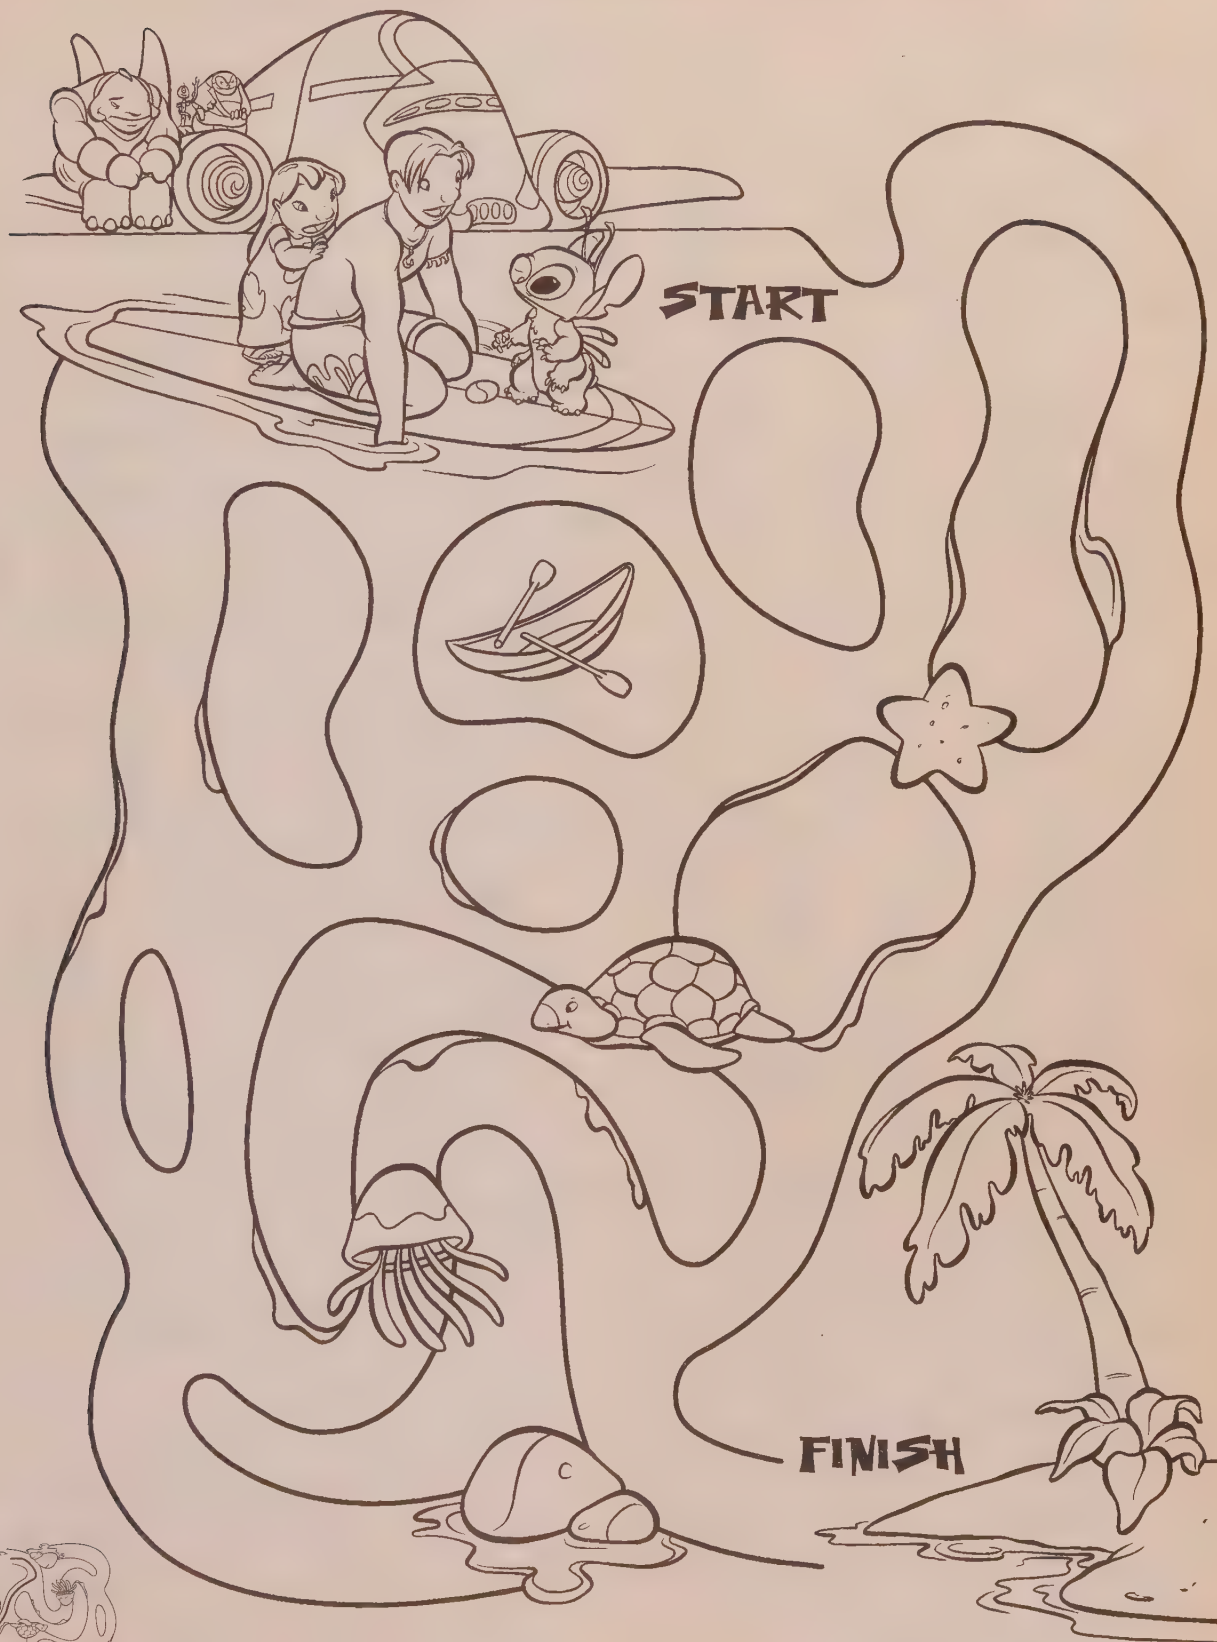

Stitch escapes from Captain Gantu—but before he
can help Lilo, Jumba and Pleakley capture him.

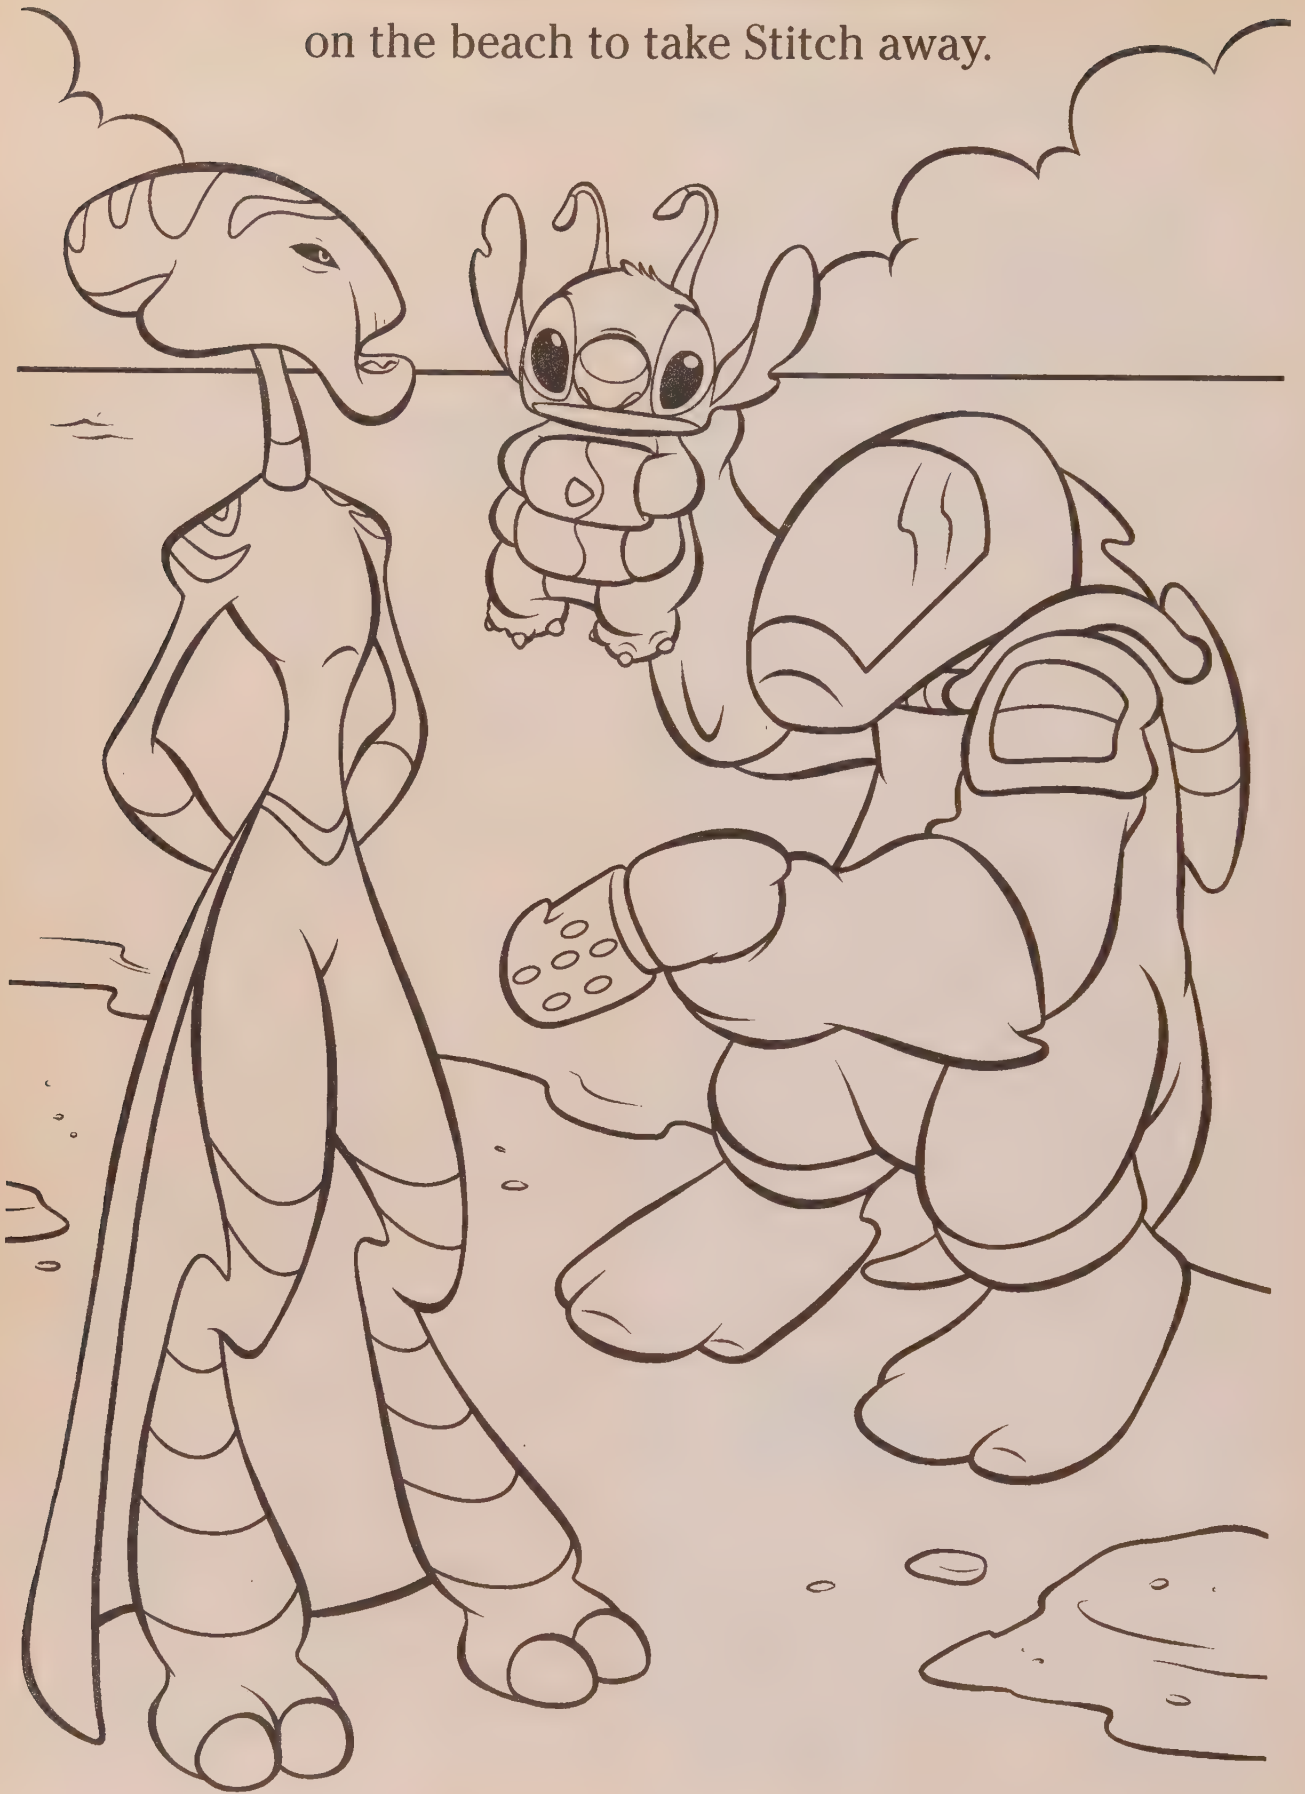

Nani is worried she will never see her sister again. Stitch gets Jumba and Pleakley to help rescue Lilo. They board Jumba's spaceship and fly after Lilo and Gantu!

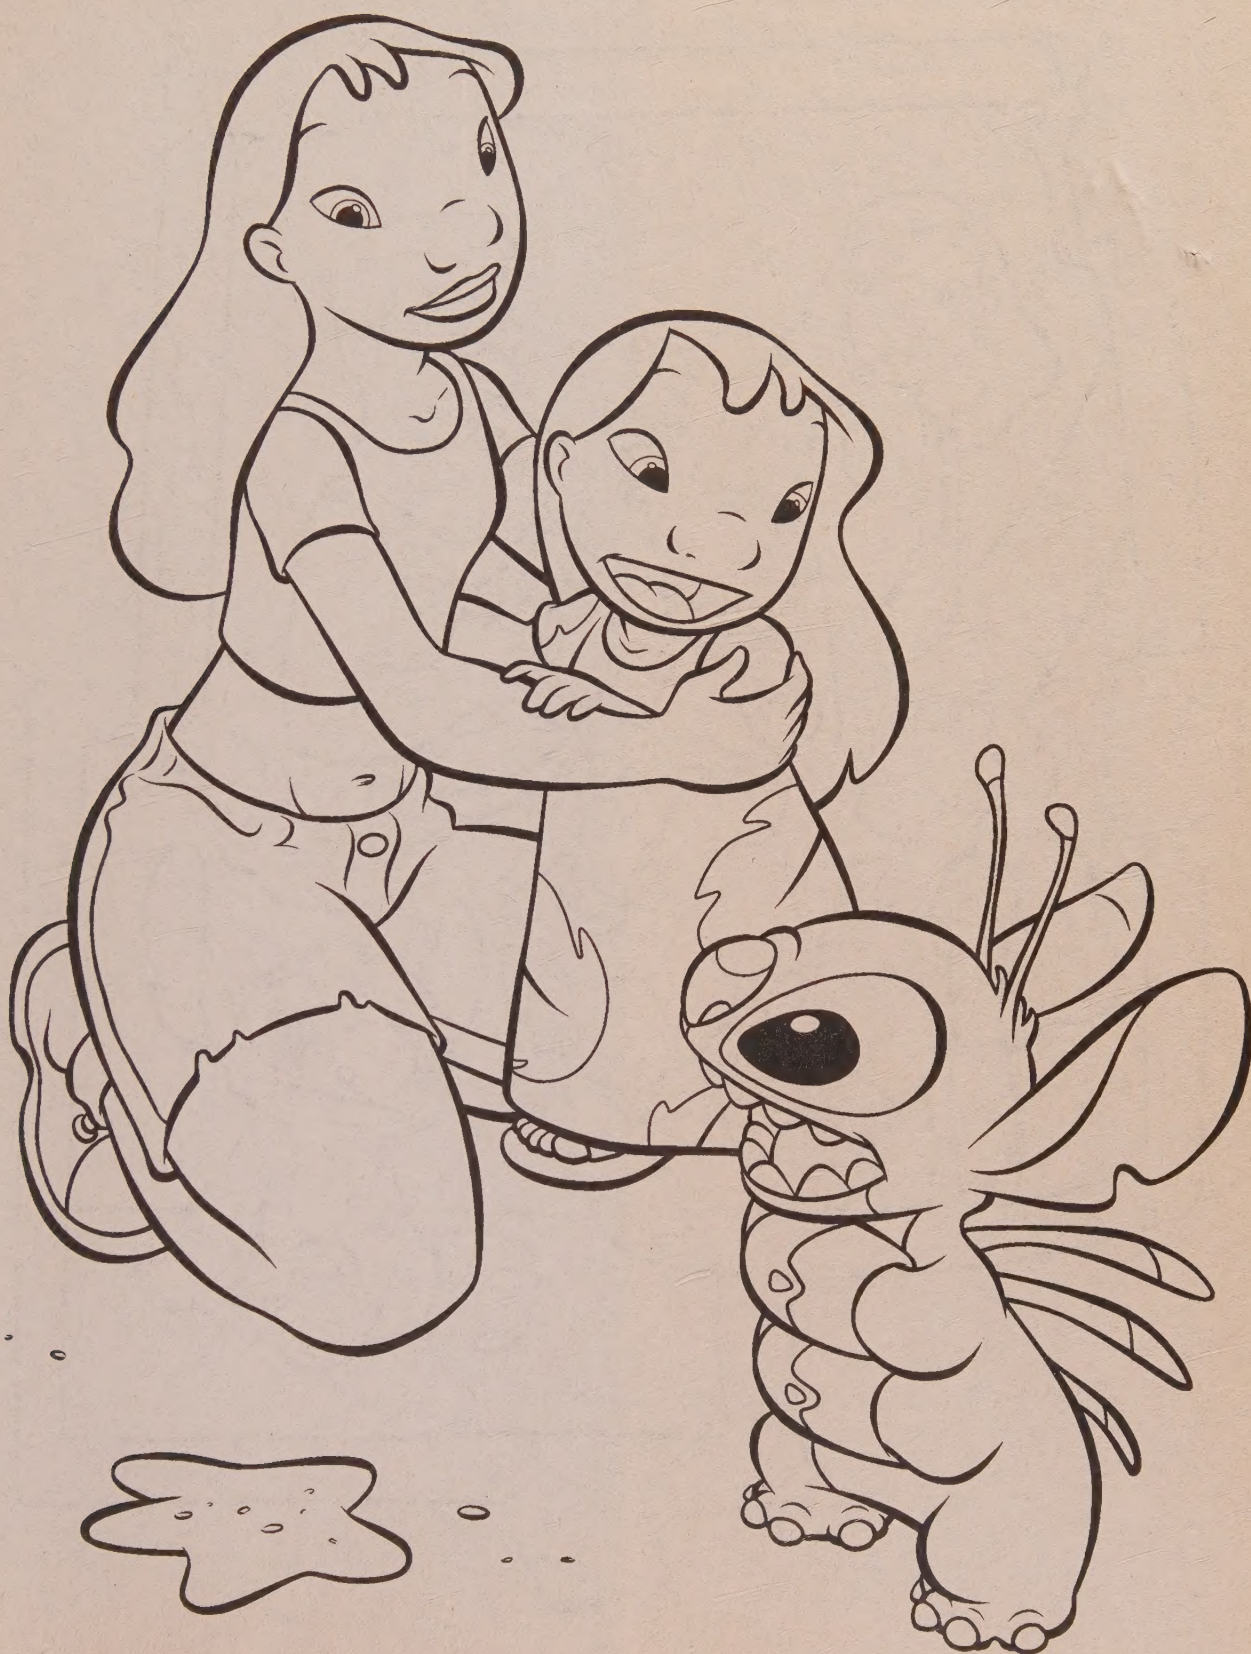

Stitch rescues Lilo and returns to Jumba's ship. They all land in the water near Nani's friend David. Help David find the right route back to the shore.

The Grand Councilwoman waits
on the beach to take Stitch away.

Stitch doesn't want to go. "This is my family," he says.
The Grand Councilwoman can see that Stitch has changed.

The Grand Councilwoman lets Stitch stay with Lilo.
They're one big out-of-this-world family!

What You'll Need:

- A stick, at least one foot long
- Mobile pieces
- Scissors
- String
- Glow-in-the-dark stickers

© Disney

What to Do:

(Ask a grown-up to help.)

1. Cut out the mobile pieces and poke a small hole in the top of each one as indicated.
2. Thread a string through each hole and tie a knot.
3. Tie the other end of each string to the stick, far enough apart so the pieces don't touch.
4. Tie another, longer string to the exact center of the stick.
5. Add some glow-in-the-dark stickers and hang your mobile in a cosmic space!
